Installing The DashDAQ Series II

Written By: Brian Sallee

PARTS:

- [DashDAQ Series II \(1\)](#)

Step 1 — Components

- Your kit includes 1-Display Unit, Software CD, Windshield mount, USB Cable, OBD2 Cable.

Step 2 — Attaching Display to Windshield Mount

- Mount DashDAQ on the windshield in a spot that does not obstruct the view of the road or in any way that interferes with the safe operation of the vehicle

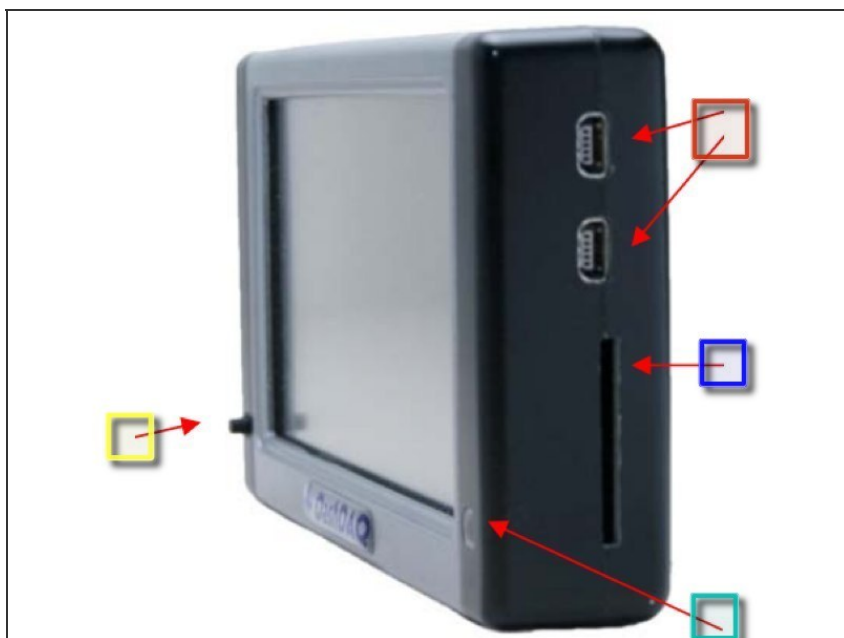

Step 3

- Accessory Port
- Audio Output
- OBDII Port
- USB Update Port
- Find the vehicle's OBDII port. Plug in the DashDAQ OBDII connector
- Mount the DashDAQ as low to the dashboard as possible.
- Mounting to left or in the middle works well.

Step 4

- **WARNING:** Do not power DashDAQ from the PC with the USB ports on the right. Permanent damage to your DashDAQ can occur.

- USB Ports
- MMC SD Memory Card Slot
- Light Sensor
- Power Button

Step 5 — Memory Card

- Always insert and remove the memory card with the DashDAQ powered off
- Insert the card with the gold connections facing towards the screen.
- Press the card into the DashDAQ until a click is heard. If the card sticks out at all, it has not been pushed in all the way.
- To remove, press the card in until a click is heard. Release, and the card will eject enough to grab it.

Step 6 — Operation

- The Off / On/ Low Power mode button is located on the front left corner of the DashDAQ.
- The [**<<**] and [**>>**] arrow buttons at the bottom are used to cycle through different gauge layouts.
- The [**Exit**] button in the lower left corner returns the screen to the main menu for accessing all of DashDAQ's features.
- The media you selected will now play. Notice you have general playback buttons. If you hit the eject button the media player will turn off and the Main Menu will reappear.

Step 7

- To access DashDAQ gauges, tap on [Gauges] from the Main Menu. The last gauge layout viewed, or this screen, will be displayed.
- To change gauge layouts, tap on the [**<<**] and [**>>**] buttons. Two gauge layout examples:

Step 8

- Insert wisdom here.
